Sauna house

Sauna house

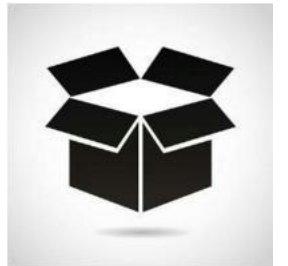

Sauna house

Oval sauna is our special model, it is a successful experiment to improve a popular barrel sauna preserving its gentle lines, our engineers managed to increase significantly its inner volume. At the same time Oval sauna keeps its major advantage as it is heated quickly and evenly thanks to the rounded corners. We consider the compactness of outdoor oval sauna for sale to be an additional advantage. This model allows you to use the interior space as conveniently and functionally as possible, dividing the interior into two areas: the steam room and locker room. Permits you to comfortably accommodate 4 people for the model outdoor sauna with For the model without a veranda. When buying an oval outdoor sauna, you can choose its heating type depending on your preferences and locations.

Heaters

DROP

DROP heater is inspired by the purest element in nature - a water drop. Its round design softens and livens up the angular interior of a classic sauna, giving it a touch of elegance. But DROP isn't only about the looks. This compact wall-mounted heater can actually fit up to 55kg of stones, exceeding most wood-burning stoves and guaranteeing long-lasting steam.

1 140€ Per Unit

Heaters

Hive Mini

HIVE Mini is a slimmer version of the HIVE heater. While HIVE is intended for larger saunas (270kg of stones), HIVE Mini fits up to 170kg of sauna stones and is suitable for smaller saunas.
